		Job Reference:	E3205

Engineering at Derby College is going places! The engineering industry in Derby is both world renown and nationally significant and we are now in an exciting position to recruit a Teacher of Vocational Engineering to join our expanding, dedicated team. If you have a genuine passion for engineering, are relentless in your pursuit of quality and want to help shape both the current and future workforce of Derby's engineering sector, then we want to hear from you. We have high ambitions for what we want to achieve with our students and employers in this vital sector and, by delivering a range of industry led engineering specialisms from level 1 to level 6, we can ensure Derby maintains its rightful position.

We are also happy to support candidates who are looking for their first opportunity in a teaching position if they have the right industry experience and qualifications and are willing to work towards a teaching qualification.

Safeguarding Statement:

Derby College is committed to safeguarding and promoting the welfare of children, young people and vulnerable adults and expects all staff and volunteers to share this commitment. We particularly welcome applications from under represented groups including ethnicity, gender, transgender, age, disability, sexual orientation or religion.
