Engineering at Derby College is going places! The engineering industry in Derby is both world renowned and nationally significant and we are now in an exciting position to recruit a Teacher of Vocational Engineering to join our expanding, dedicated team. If you have a genuine passion for engineering, are relentless in your pursuit of quality and want to help shape both the current and future workforce of engineering specialisms from level 1 to level 6, we can ensure Derby maintains its rightful position.

The ideal candidate will have considerable experience in machining. Knowledge of CNC and CAD would also be advantageous.

We are also happy to support candidates who are looking for their first opportunity in a teaching position if they have the right industry experience and qualifications and are willing to work towards a teaching qualification

Safeguarding Statement:

Derby College is committed to safeguarding and promoting the welfare of children, young people and vulnerable adults and expects all staff and volunteers to share this commitment. We particularly welcome applications from under represented groups including ethnicity, gender, transgender, age, disability, sexual orientation or religion.
