ABOUT THE ROLE

As a VI IT support worker you will provide a wide range of support to learners with a visual impairment across the college sites. The team includes enthusiastic support workers who are fully committed to developing effective inclusive practice for the learners with a visual impairment.

The aims of support are to ensure that the learners have full access to their chosen courses and fully participate within the college setting.

Duties will include providing individual support for learners undertaking a variety of courses, across the various sites of the college campus. The support can include in-class support, individual training and ensuring the learners have access to appropriate resources and equipment.

The ideal candidate will be required to have a high level of ICT skills with the ability to work independently and show initiative. Good time management and flexibility are required as the post will involve travelling between sites. You will need to have a positive attitude to working as part of a team and be sensitive to the needs of the learners involved.

We would also welcome applications from individuals who do not hold Level 2 ICT. Individuals without this level of qualification would be considered for the post of Assistant for the Visually Impaired.

We will consider applications from candidates looking for less than 35 hours. Please specify on your application form the working hours required. It is planned that the new post-holder will start in this role at the start of 2019/20 academic year.

You should have good interpersonal and communication skills and a professional approach to your work.

The role will require you to embed the college's values; working with Professionalism, taking Responsibility for your actions, and giving Respect to clients and colleagues alike.

Safeguarding Statement:

Vision West Nottinghamshire College is committed to safeguarding and promoting the welfare of children, young people and vulnerable adults and expects all staff and volunteers to share this commitment. We particularly welcome applications from under represented groups including ethnicity, gender, transgender, age, disability, sexual orientation or religion.
